HACKATHON RULE CHECKER VIOLATE ANY? YOU'RE OUT.

```
function checkViolation(participant) {  
    if (  
        participant.disrespectsVolunteers ||           // Volunteers are NOT your helpers.  
        participant.isLate ||                          // Time waits for no one.  
        participant.usesAbusiveLanguage ||            // Words matter. Keep it clean.  
        participant.ignoresHygiene ||                 // Clean code ≠ Dirty surroundings.  
        participant.Damage office Property ||         // This isn't your Home.  
        participant.usesAlcoholOrSmokes ||             // No high other than caffeine.  
        participant.arguesWithJudges                  // Judges > Debug Console.  
    ) {  
        disqualify(participant.team);               // ⚡ BOOM. You're Disqualified.  
        return "Disqualified due to violation of hackathon rules.;"  
    }  
  
    return "✅ All clear. Let's build something legendary!";  
}
```

- These conditions apply to all teams.
- Disqualification may happen without further warning if rules are violated.
